Programs

Programs

BabyFirstTV features more than 40 programs specifically tailored to meet the needs of infants and toddlers. The program content focuses on areas of development ranging from language and math, to sensory skills to creative play. BabyFirstTV helps inform parents about the educational value of each segment with its unique color-coded system. The BabyFirstTV flower logo changes colors according to the specific content in the program.

Thinking Journey
Language Playground
Imagination Lane
Feelings Garden
Numbers Parade
Sensory Wonderland
Rainbow Dreams

Engages children in identifying patterns of thinking and developing creative ways of viewing the world.

< Tillie Knock Knock

Join Tillie the duck as she guesses which animal friend is knocking at her door.

< Danny and Daddy

Join Danny's daddy in figuring out just what Danny has in mind as he paints his picture of the day.

Fred and Fiona >

Help Fred and Fiona play with their magical board and discover where objects belong.

Wonder Box >

Enter the miniature world of Wonder Box through its many doors, windows and drawers.

< Dougie in Disguise

Embark on an exciting adventure, as Dougie's sticker-albums come to life.

< Brainy Baby™

Experience the popular, award-winning Brainy Baby™ series and have fun exploring.

Bonnie Bear >

Bonnie Bear and her best friend, Mr. Gramophone, create colorful paintings and beautiful pictures.

First >

The award-winning Baby's First Impressions™ series combines colors, music and objects.
