

Left Brain

Inspires Logical Thinking

This video will teach your child about:

- Language and logic
- Patterns and sequencing
- Analyzing details and more!

The Brainy Baby Learning Library™ is the pioneer in infant development videos. It is the first video series that can help stimulate cognitive development. Brainy Baby® was created to give your child a jump-start on learning and provide a solid foundation in early education.

Special Features

Included in this DVD

In addition to 45 minutes of video, our DVD contains additional interactive learning activities, such as:

- Chapter Selections
- Sneak Peeks
- Video Sing-Along
- Behind the Scenes
- Baby Bloopers
- Fun Learning Activities

Sing-Along Songs

and Classical Mozart Favorites are Included

Give your child the power to excel by using the video series that's more than just a lot of pretty pictures. The educational content of Brainy Baby can help give your child a learning advantage!

Brainy Baby

...a little genius in the making™

Babies love to watch and learn from other children at play!

Brightly colored objects help develop cognitive skills and spatial reasoning.

We combine fascinating animation with real life objects babies recognize!
